I had the soundtrack free from patreon already, but I had to buy it just to show support because of how amazing it is. Every song fits perfectly to the situation in the game and conveys the feeling of what's happening amazingly.. You know why this OST is 10 dollars? You know why I bought it? .BECAUSE IT'S JUST THAT u2665u2665u2665u2665ING GOOD.. \$10USD for 33 minutes of music is a hard bargain, but if you've read the VN, you'd know the music is amazing. Whether or not it's worth the price is up to your discretion; I think it's worth it.
